YOU CAN ELIMINATE YOUR DEBT !

Share

Are your debts spiralling totally out of control?... do you know you DONT have to pay them ????

Do you ever wonder just how you got yourself into this position?

How do you owe SO MUCH 'money'?...or where it has even come from ?.... who are you REALLY in debt to ?

Well..... you are NOT alone!!

It is the 'SYSTEMS' design that allows you to get so weighed down with debt and credit / monetary issues .....In Fact, its actually one of its main objectives, as it is designed to TRAP you.

Have you ever wondered Why it is that over 80% of your time is spent on just treading water... working so hard to just try and meet you 'alleged' commitments and that you never get anywhere?

Well,.... You are never supposed to !

The system is designed to keep you busy, oppressed and in involuntary servetude for the rest of your life chasing the fictional thing called 'MONEY'.

Its a game set up by the powers that be to keep us pre occupied..... chasing after the all mighty dollar, too busy to see what is really going on, and miss the point that the real game is all about power and control!

Its NEVER been about money !..... The rich, The ruling elite, The puppeteers of society have always had plenty of it... They MAKE it for heavens sake !
They know that if you control the currency, you control the country and the people. Thats why the Rothchild's and alike are in the position that they are.

Think about it... what is the propaganda sold to us every day through EVERY form of Media?

Have you ever wondered who owns all the media? why are they pushing out so much stuff that is to the detriment of society? Why is it that its all the same no matter where you go? all telling you the same thing....buy, consume, conform, dont question, eat, sleep.

We are constantly bombarded from the moment we are born to want **MORE**, to chase material things, always have the best, buy more, consume, purchase more... and if you cant afford it go into debt to do so.

Think about it... What is the "Great Australian dream" that has been sold to ALL of us....???

1. Own your own home --- Mortgage *DEBT*

2. Be a 2 Car Family --- Car finance *DEBT*

3. Have 2 or more 'credit cards' --- Personal *DEBT*

4. Plasma screen TV / Furniture Package --- *DEBT*

5. Want more --- personal Loan *DEBT*

6. Cant afford a holiday --- *DEBT*

YOU are now TRAPPED, and you are a SLAVE !!!!!!!

Heres a Question :

Why is it "**our dream"** to be so debt laden, that we cant even afford to go out and eat at restaurants each week, or go on holiday when we feel like it? to have no free time enjoy our children or to have time without having to work to pay back this 'alleged' debt?.....

Oh and dont forget,..... should you be so lucky as to actually make enough money to pay your 'bills' the Government then asks you to give them at least 33% maybe even 48% of it as the final insult !

Answer :

Its an illusion.... **Its all Ficton!**

Its designed specifically to keep you pre occupied and to never have the time to get together and think for yourself, or better yet to think collectively!

The game we play is ***NOT*** real, its all a fiction, designed to ensure we never even notice that we are not even on the same playing field as the REAL game.

Its the real life "MATRIX'..... you are not supposed to have independent thought, just conform, obey, consume, eat, sleep watch TV, stay where you are and keep borrowing money, because "enough is NEVER enough"...we are all taught to want MORE.

This movie is an awesome starting point to understand how the "Fractional reserve Banking System" works, and why its all Fictional..... Please watch at least the **first 22minutes** of it to get the premis into your mind. as to exactly how you have been deceived by them.... this bit will BLOW YOUR MIND !!!!

Now, we dont have all the answers here at TRUTHOLOGY, we are just a starting point for you on your journey to FREEDOM and we welcome any and all feedback from our members when it comes to spreading the words of freedom and Truth.

We do have the beginings of a solution however, and after you have watched our modules, and understand that we have all been duped into this game you may decide to then exit from it all together, then we can help you through that process via the methods we have used very

successfully in the past.

And if your not ready to step out of the game yet, or at least not entirely, then you will be well informed about how the game works so as to be able to navigate your way through it from an informed position and with your blinkers taken off, and not just a mindless conforming slave from now on.

If you are ready to **build upon this knowledge**, by learning how you can **handle debt honourably** - WITHOUT using your own hard earned after tax dollars... **100% legally and lawfully...** WITHOUT going bankrupt, Part 10's, consolidation, payment arrangements or **using any other conventional methods.**

Make no mistake, this is NOT a consolidation technique designed to roll your loans into one payment, sort out budgets for you to follow.....blah blah blah....or any of the other the usual and now standard Rhetoric to keep you in the system !

You are stepping away from it **entirely** and you will immediately cease ALL payments to ALL lenders based on our proven principles and strategies.

The Truthology 4 stage process has been designed to un shackle you from your weekly servitude of the debt cycle, to help you understand just how you can leave all of it behind you and to never fall into their trap again.

You will be able to **STOP PAYING** your debts and be rid of them once and for all once after you complete the Credit Liberation process.

We have been VERY successful in extricating **HUNDREDS** of our members from their forced servitude to the 'lenders' for debts that dont even exist. this is in fact a key to how the process works.

The money you supposedly owe doesn't even exist,.... it never did, and you have just been tricked into believing it did and that the lender actually gave it to you. The money we use in our 'fractional reserve' banking system doesnt exist, this is just a lie and misrepresentation that has been fed to us, and of course no one even asks why or questions it!

You can look it up, its clearly explained, Or for a quick over view, watch the first 22 minutes of Zeitgeist ii (on our resource page) on how money is 'created' then you will understand how we are able to question the lenders bonafides and demand copies of documentary evidence supporting their claim.

If you are ready to free yourself of the burden of paying their 'debts', simply email us here at:

E-mail Us!

And we will send you the appropriate forms to complete to get started, and outline the cost of the process specific to your own circumstance.

This is a part of the work we do that we LOVE, so we look forward to hearing from you and helping you to be debt FREE at last !
